

the surveying activity shall specify the extent to which the prospective contractor plans, or has taken, corrective action. Lack of evidence that past failure to meet contractual requirements was the prospective contractor's fault does not necessarily indicate satisfactory performance. The narrative shall report any persistent pattern of need for costly and burdensome Government assistance (e.g., engineering, inspection, or testing) provided in the Government's interest but not contractually required.

(d) When the surveying activity possesses information that supports a recommendation of complete award without an on-site survey and no special areas for investigation have been requested, the surveying activity may provide a short-form preaward survey report. The short-form report shall consist solely of the Preaward Survey of Prospective Contractor (General), SF 1403. Sections III and IV of this form shall be completed and block 21 shall be checked to show that the report is a short-form preaward report.

**9.107 Surveys of nonprofit agencies serving people who are blind or have other severe disabilities under the Javits-Wagner-O'Day (JWOD) Program.**

(a) The Committee for Purchase From People Who Are Blind or Severely Disabled (Committee), as authorized by 41 U.S.C. 46-48c, determines what supplies and services Federal agencies are required to purchase from JWOD participating nonprofit agencies serving people who are blind or have other severe disabilities (see subpart 8.7). The Committee is required to find a JWOD participating nonprofit agency capable of furnishing the supplies or services before the nonprofit agency can be designated as a mandatory source under the JWOD Program. The Committee may request a contracting office to assist in assessing the capabilities of a nonprofit agency.

(b) The contracting office, upon request from the Committee, shall request a capability survey from the activity responsible for performing preaward surveys, or notify the Committee that the JWOD participating nonprofit agency is capable, with sup-

porting rationale, and that the survey is waived. The capability survey will focus on the technical and production capabilities and applicable preaward survey elements to furnish specific supplies or services being considered for addition to the Procurement List.

(c) The contracting office shall use the Standard Form 1403 to request a capability survey of organizations employing people who are blind or have other severe disabilities.

(d) The contracting office shall furnish a copy of the completed survey, or notice that the JWOD participating nonprofit agency is capable and the survey is waived, to the Executive Director, Committee for Purchase from People Who Are Blind or Severely Disabled.
